Capitation Fees and Donations are not accepted.

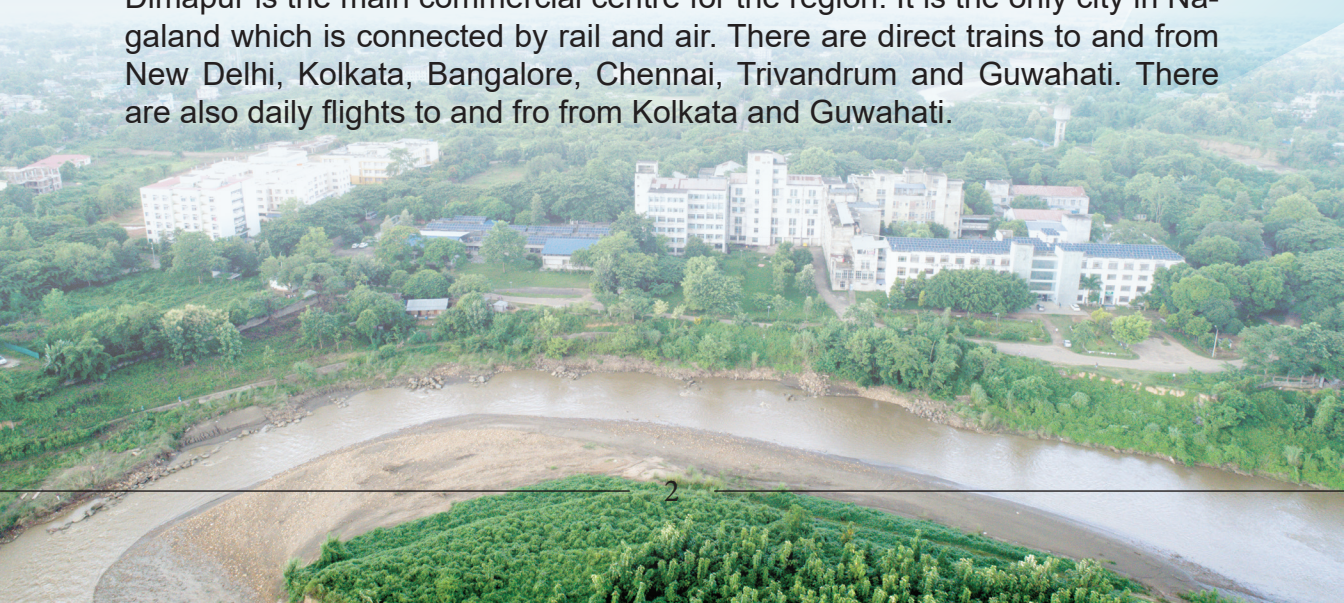

LOCATION

The Christian Institute of Health Sciences & Research (CIHSR) is located at Dimapur, Nagaland, a vibrant hill state located in the extreme north - eastern part of India.

About Dimapur

Dimapur is the main commercial centre for the region. It is the only city in Nagaland which is connected by rail and air. There are direct trains to and from New Delhi, Kolkata, Bangalore, Chennai, Trivandrum and Guwahati. There are also daily flights to and fro from Kolkata and Guwahati.

ABOUT CIHSR

CIHSR is the culmination of a possible solution for the great need of health in the region. It is a tripartite partnership of Christian Medical College Vellore, Emmanuel Hospital Association (EHA) and the State of Nagaland. The Chief Secretary of the state is the chairperson of the CIHSR society and the Executive Director of EHA is the Chairman of the Board of Directors.

Each of these three organizations comprise the Governing body which facilitates the establishment and growth of the institution that aims at creating a holistic health destination that in turn will take responsibility for reaching out to the furthest most parts of the region and impact health in Northeast India.

CMC Vellore contributes significantly by way of training opportunities, regular visits by consultants, information transfer and advice. EHA provides the sponsorship avenue for CIHSR staff and students to study at CMC Vellore and Ludhiana. Through its wide network of hospitals and friends, it plays a vital role in guiding and facilitating the institution's growth.

The 130 acres land on which the institution stands is on a 30 years lease from the Government of Nagaland. It is situated about 6 kms on the outskirts of Dimapur in Nagaland.

In its 10 years of existence, we have established a high level secondary health center with a college of nursing, several paramedical courses, postgraduate DNB courses in Family Medicine, surgery and Medicine. We also run health-training courses for lay leaders, Health sector skill development and are a center for conducting distance education course for the M Med postgraduate course from the MGR Medical University.

We run a programme for helping Children with special needs under the developmental paediatrics unit and the precious gems school for special children. We have started a radiotherapy and Cancer care center facilitated by the Tata Trust.

We have signed an MOU with the DONER ministry to develop a regional institution for Allied health sciences and are in the process of setting up the infrastructure. We continue to develop partnerships and network with likeminded organizations who are interested in the health of the region.

Eventually, we aspire to start a Medical college that will train and develop a large number of individuals who will take responsibility for the health of the region.

MOTO AND LOGO

Serve, Nurture, Transform

A person washing the feet of a fellow human being depicts the attitude with which health professionals should work. The servant hood of man was declared by our Lord and master -
“Now that I your Lord and Teacher have washed your feet;
you should also wash one another’s feet.
I have set you an example that you should do as
I have done for you.”
(John 13:3-5).

VISION

To develop Christ centered leadership in healthcare, transforming communities through compassion, innovation and excellence.

OBJECTIVES

- Healthcare – To develop a center of excellence in healthcare
- Education – To develop undergraduate, postgraduate and innovative medical teaching programs to empower healthcare personnel in northeast India.
- Leadership – To develop our staff and medical leaders to the potential that God has created them to be and harness their talents and gifts to significantly impact the region and beyond.
- Community – To develop a vibrant community that cares and supports each other, thereby reflecting the nature and character of Christ to the society around. To encourage this community to proactively engage with the neighbouring communities and society to bring holistic transformation.
- Network – To provide a focal point for a network of hospitals and likeminded organizations in the Northeast so as to make an impact on health in the whole of the region.

VALUES

- Honesty, transparency and integrity
- Compassion for our patients and staff
- To be a vibrant and supportive Fellowship
- Focus on the poor and marginalized
- Inter denominational and multiracial inclusiveness

ADMINISTRATIVE OFFICERS OF THE CIHSR

DIRECTOR

Dr. Sedevi Angami
DM (Gastroenterology)

MEDICAL SUPERINTENDENT

Dr. Clement Momin
MBBS., D.L.O (E.N.T)

DEPUTY DIRECTOR (ADMIN.)

Dr. Vinu Meru
MBBS., D. P.H.

PRINCIPAL, CON

Dr. Mrs. Christy Simpson
M.Sc.N., Ph.D(Obst & Gyn Nsg.)

NURSING SUPERINTENDENT

Mrs. Purnungla Aier
M.Sc.(N) (Medical - Surgical Nsg)

DEPUTY DIRECTOR (FINANCE)

Mr. T. Kaithang

III. SELECTION PROCESS AND GENERAL INFORMATION

The following courses will be conducted this year:

ALLIED HEALTH SCIENCES DEGREE COURSES

1. B.Sc. in Medical Laboratory Technology (B.Sc. MLT)
2. B.Sc. in Health Information Management (B.Sc. HIM)
3. B.Sc. in Anaesthesia and Operation Theatre Technology (B.Sc. AOTT)

ALLIED HEALTH SCIENCES DIPLOMA COURSES

1. Diploma in Radio Diagnosis Technology (DRT)
2. Diploma in Optometry and Ophthalmic Technology (DOOT)

Admission to DOOT course is suspended for 2020 – 21 session due to technical problem.

NURSING COURSES

1. General Nursing and Midwifery course (GNM)
2. B.Sc. Nursing (Basic)
3. Post Basic B.Sc. Nursing

Candidates may apply for a maximum of three (3) courses

If a candidate is applying for two or more courses, they must indicate their courses in the order of priority - 1st, 2nd, 3rd choice, in the application form.

NOTE: It will not be possible to change the choice after the application form has been submitted.

If a candidate gets selected for two or three of the courses, they will be allowed to join the course of their first choice.

If a candidate is on the waiting list of the first choice and is selected for the second choice, they may move from the second choice to the first choice, subject to seat being subsequently available. However, a student who gets his/ her first choice and is on the waiting list for the second or third choice, cannot move to the latter two even if a vacancy arises in these courses. (Note- the candidate will not be listed in the waiting list)

DISTRIBUTION OF SEATS WILL BE AS FOLLOWS:

- Allied Health Courses: 40% from Nagaland, 60% from other north-eastern states.
- Nursing Courses: 50% from Nagaland, 50% from other north-eastern states.

- 10% of the seats in both the branches are reserved for students sponsored by mission hospitals in the North-East, or by EHA Hospitals 10% for the Economically Weaker students
- Selection will be on merit basis. The best in each group will be selected.
- A common entrance test will be conducted for all eligible applicants. The questions will be based on both 10th and 12th science subject of Nagaland Board.
- The shortlisted Candidates will be called for medical test and interview.
- The final selection will be made on the ranking in the final score of each group.

The above process are subject to change if the COVID 19 problems are not settled by August. If so, the selection may be based on merit / 12th standard Marks. Short listed candidates will be asked to appear for interview through Skype or Zoom.

APPLICATION FEES

| | |
|--|--------------|
| Prospectus and Application Fee | - Rs. 600/- |
| Registration fee (On submission of application form) | - Rs. 1000/- |
| Additional fee per course | - Rs. 200/- |
| Late fee | - Rs. 200/- |

The Application fee and payment for Prospectus are to be made in cash, through Debit/Credit card at the billing counter or Demand Draft drawn in favour of “**CIHSR - COLLEGE OF NURSING**”. In case of cash or debit/credit card payments, the payment slips are to be submitted along with the Application form.

No other mode of payment other than the prescribed mode will be accepted.

NOTE: Cash sent by post will not be accepted.

HOW TO APPLY FOR ADMISSION:

1. Read the prospectus carefully and determine whether you will be able to meet all the requirements for admission.
2. Fill the application form in your own handwriting correctly, with all particulars required of you. Incomplete forms will not be accepted.
3. Documents to be submitted along with the duly filled Application Form:
 - a) Duly attested photocopy of all following documents;
 - i. State of Domicile certificate (if available), ST/SC/OBC certificate, Indigenous Habitant.
 - ii. Birth Certificate.
 - iii. Admit cards of class X & XII.
 - iv. Marks sheet of class X & XII.
 - v. Pass Certificate of class X&XII.
 - vi. Transfer Certificate of class XII.
 - b) Recent passport size photographs- 4 copies in an envelope. Write your name at the back of each copy. Do not submit loose photographs.
 - c) Written references/recommendation from the following persons and it should not be from the relatives.
 - i. Principal of the school or college last attended.
 - ii. Senior member of the community other than persons mentioned above, example- Gaonbura, village chairman.

NOTE: *It is mandatory to provide the Name and Phone number of the above mentioned persons in the space provided in the application form.*

- d) Duly filled Hall Ticket for Entrance Test
- e) Payment slip for Application and Registration fee as prescribed
4. For sponsored candidates, a letter from the sponsoring Mission body duly signed by the Head of that organization should be submitted along with the application form and written reference/recommendation from the pastor/religious head

Important: In addition to the above mentioned documents, applicants to the Post Basic B.Sc Nursing course are required to submit the following:

- a) Duly attested photocopy of GNM mark sheet issued by the examining board.
- b) Duly attested photocopy of GNM Pass Certificate.
- c) RN & RM Registration Certificate.
- e) Work experience letter / certificate (if applicable).

All documents should be self-attested. Admit card will not be issued if any one of the documents are not submitted. All the above documents in original should be produced at the time of interview.

POSTAL FORM SUBMISSION:

Download the Prospectus, Application form and Hall Ticket from institution website www.cihsr.in and submit the complete application form along with the required documents, duly filled in Hall ticket and Demand Draft of Rs. 1600/- (Application and Registration Fee) drawn in favour of “**CIHSR COLLEGE OF NURSING**” and should be sent to the following address or by institute Email ID edu@cihsr.in

Note: Cash sent by post will not be accepted.

Nursing Courses

College of Nursing,
CIHSR,

Post Box. 31, Post Office ARTC,
Dimpur 797115, Nagaland

Allied Health Sciences Courses

The Academics Office, Room No.9, CIHSR,
Post box.31, Post Office ARTC,
Dimapur 797115, Nagaland.

REQUIREMENTS FOR ADMISSION TO ALL COURSES:

1. **Selection:** All candidates must appear for written, medical test and interview conducted by the selection committee. (Note: No travelling expenses will be paid).
2. Applicant should be medically fit to undergo the course.
3. All candidates called for interview are required to bring a recent X-ray of the chest taken within the last three months clearly showing the name of candidate and date of X-ray taken.

- 4. If any candidate happens to gain admission to the course by providing false certificates or information, he/she shall be disqualified from the course as soon as it is detected and any fees already paid will not be refunded.**

The selected candidates are expected to produce the following documents in original along with three photocopies each, at the time of registration:

POST BASIC B.SC. NURSING

1. Mark sheet of 10th Standard.
2. Mark sheet of 12th Standard.
3. Pass certificate: 10th / 12th (if applicable).
4. Admit Card 10th & 12th and GNM, if available.
5. Birth Certificate (if not stated in the 10th / 12th admit card)
6. Certificate of Diploma in General Nursing and Midwifery or alternate course (applicable to male candidates)
7. Mark sheet of Diploma in General Nursing and Midwifery or alternate course (applicable to male candidates) from the Examining Board / Nursing Council
8. Registration Certificate of RN, RM from Assam Nurses Midwives & Health Visitors' Council.
9. Transcript of Diploma in General Nursing and Midwifery or alternate course (applicable to male candidates).
10. Course completion certificate of Diploma in General Nursing and Midwifery or alternate course (applicable to male candidates).
11. Transfer certificate from the School of Nursing / College of Nursing last studied.
12. Four passport-sized photographs.

ON THE DAY OF JOINING THE COURSE

- Migration certificate from the Nursing Board/Nursing school last studied.
- Indigenous inhabitant certificate /Schedule Caste / Tribe certificate from the Government Authority.
- Hepatitis B Vaccination certificate if vaccinated.
- Registration Certificate of Assam Nurses, Midwives and Health Visitors Council.

Candidates will not be permitted to join the course if the above documents are not submitted.

FOR ALL OTHER DEGREE AND DIPLOMA COURSES

1. Mark sheet of 10th Standard.
2. Mark sheet of 12th Standard.
3. Admit Card 10th & 12th exams.
4. Pass certificate: 10th / 12th (if applicable).
5. Certificate indicating Date of Birth (if not stated in the 10th / 12th mark sheet).
6. Transfer certificate from the School last studied.
7. Four passport sized photographs.
8. NBSE registration certificate -for those who studied under Nagaland Board of School Education.
9. Indigenous inhabitant /Domicile certificate / Schedule Caste / Tribe certificate from the Government Authority. (any one of the above following)

ON THE DAY OF JOINING THE COURSE

- Migration certificate from the respective Board last studied in for those from other states and other Board of studies.

Candidates will not be permitted to join the course if the above documents are not submitted.

REGISTRATION FOR ADMISSION TO ALL COURSES:

1. Candidates selected for admission into any course will be required to register by paying the prescribed fee and completing other necessary admission formalities. Fees once paid will not be refunded.
2. Submission of all original certificates is mandatory at the time of admission.

RULES AND REGULATIONS

During the training period, all students are encouraged to participate in various group activities like drama, cultural and musical programs, student retreats, games and sports.

Students are expected to attend regular morning worship and evening Sunday service at the chapel.

Uniform: A tailor will be arranged to get the material and stitch the uniform and the students have to pay for it.

Identity Cards: ID cards will be provided by the institution and must be displayed by the students at all times.

ATTENDANCE AT LECTURES, TUTORIALS AND DEMONSTRATIONS:

1. Students are required to attend a minimum of 80% theory and 100% practical classes only will be eligible to appear for the University/Board exams. However 100% attendance is needed before the award of degree.
2. Sick leave sanctioned by the assigned medical officer of CIHSR only will be accepted for absence from classes/ clinical.
3. Any student availing leave other than permitted will have to compensate as per the policy of the institution.

All the students are required to abide by the rules and regulations of the Institute, failing which appropriate disciplinary action will be taken.

CALENDER FOR SELECTION OF NURSING STUDENTS PBBSc, B.Sc., GNM & AHS : 2020- 2021

| ACTIVITY | DATES |
|--|------------------------|
| Advertising for all courses | June 1st week |
| Issue of application Forms for PBBSc, B.Sc, GNM & AHS Course | 15th June |
| Last date for receiving filled in Application Forms for PBB-Sc, B.Sc., GNM & AHS Course | 25th July(Sat) |
| Last date for receiving filled in Application Forms for PBB-Sc, B.Sc., GNM & AHS Course with late fees | 1st Aug (Sat) |
| Entrance examination for GNM, B.Sc.(N) & AHS | 18th Aug (Tue) 9am |
| Preliminary Selection Meeting | 18th Aug 4pm |
| Announcement of result | 19th Aug 7am(Wed) |
| Medical Check-up for B.Sc. (N), GNM & AHS | 19th Aug |
| Interview for GNM, B.Sc.(N) & AHS | 20th Aug (Thu) |
| Final Selection Meeting | 21st Aug 11 am (Fri) |
| Announcement of the result | 21st Aug 5pm |
| Letter of acceptance | 21st to 29th Aug (Sat) |
| Date for Registration & Admission | 21st to 5th Sep (Sat) |
| Post Basic B.Sc | |
| Entrance examination and medical examination | 11th Aug (Tue) 9am |
| Preliminary Selection Meeting & Announcement of result | 11th Aug 3pm |
| Interview | 12th Aug (Wed) |
| Final Selection Meeting & Announcement of result | 13th Aug 11am (Thu) |
| Letter of Acceptance | 13th to 18th Aug |
| Date for Registration & Admission | 13th to 29th Aug (Sat) |
| Post Basic B.Sc ., B.Sc (N)., GNM & AHS | |
| Date of joining hostel | 5th Oct (Mon) |
| Reporting to the college with parents (compulsory) | 5th Oct 2pm (Mon) |
| Orientation & Commencement of Classes | 6th Oct (Tues) |

Note: The above mentioned schedule will be strictly followed.

Admit card will be issued while receiving the application form.

Please bring passport size photograph along with application.

Candidates who fail to follow the above calendar dates will have to lose their admission.

IV. NORTH EASTERN REGIONAL MULTI-DISCIPLINARY INSTITUTE OF PARA MEDICAL SCIENCES

On 20th September 2010, an MOU was signed between the North Eastern Council, the Government of Nagaland and CIHSR to set up the Regional Institute of Allied Health Sciences at Dimapur, Nagaland, with a view to train Allied Health Professionals from Nagaland and the rest of the North Eastern states.

Of the 12 planned courses, five courses, i.e., Diploma in Radiodiagnosis Technology (DRT), Diploma in Medical Records Technology (DMRT), Diploma in Medical Laboratory Technology (DMLT), Diploma in Optometry and Ophthalmic Technology (DOOT) and Diploma in Anaesthesia Technology (DAT) were started in 2011, 2012, 2014 and 2015. These courses are affiliated to the Christian Medical Association of India (CMAI). The CMAI is the pioneer for Allied Health Sciences training in India and their graduates are well placed in various parts of the world. However 3 diploma courses DMRT, DAT & DMLT has been discontinued from academic session 2020-21 since B.Sc. degree program has been approved by the Nagaland University to these 3 courses. Now we are running 3 bachelor degree courses affiliated to Nagaland University in B.Sc. Medical Laboratory Technology (B.Sc.MLT), B.Sc. Health Information Management (B.Sc. HIM) and B.Sc. Anaesthesia and Operation Theatre Technology (B.Sc. AOTT).

DEGREE COURSES IN ALLIED HEALTH SCIENCES

B.Sc. MEDICAL LABORATORY TECHNOLOGY (B.Sc. MLT)

The course in B.Sc. Medical Laboratory Technology through Nagaland University has been introduced during 2019. It is an allied health profession which deals with the identification, treatment and prevention of diseases with the help of clinical laboratory tests. These professionals assist doctors, scientists and research specialists in diagnosing diseases, thereby providing effective and correct treatment for the patients. About 70% of all medical decisions are based on laboratory reports for which having a well-trained professional in a good laboratory setup is of utmost importance.

A Medical Laboratory Technologist will be required to work with a number of automated analyzers and manual techniques, which require high level of skills and expertise. They will also be involved in medical microbiological work to identify disease causing bacteria, active surveillances for infection control, etc.

The programme aims at achieving the following objectives:

- To provide skill - oriented training to students and thus provide skilled professionals who will be able to manage and work in a variety of medical laboratory settings.
- To provide students with an overview of the latest measurement and recording technologies in this field.

The laboratory technologist will work in different areas of laboratory such as:

- Biochemistry, Phlebotomy
- Clinical pathology, Blood bank, Hematology, Coagulation
- Cytology, Histopathology
- Medical Microbiology like bacteriology, Mycology, Virology, Serology, Parasitology, Immunology
- Inventory management
- Research

There are excellent job opportunities for qualified medical laboratory technologist. They can work in hospitals, research laboratories, public health facilities, industrial laboratories, manage their own laboratory setup and in colleges, teaching and research.

It will also enable health professionals to pursue Post Graduate and Doctoral degrees in Hematology, Biochemistry, Pathology, Microbiology, etc.

Eligibility criteria B.Sc. MLT :

| | |
|---------------------------------------|---|
| Minimum qualification for Application | Pass in 10 +2 examinations or its equivalent in Science Stream (PCB). Minimum marks obtained should be at least 40% aggregate (SC/ST). Sound basic knowledge in PCB |
| Age Limit | Age should be 17 years by December 31st of the joining year and not over 35 years. |
| Duration of course | 3 Years + 1 Years Internship |
| Students Intake | 5 students per year |

B.Sc. HEALTH INFORMATION MANAGEMENT (B.Sc. HIM)

The course in B.Sc. in Health Information Management through Nagaland University has been introduced during 2019. A Health Information Management (HIM) Professional is one of the key positions in a healthcare organization responsible for management of various health related information of patient generated within the healthcare system. HIM involves maintaining, collecting, analyzing, protecting and disseminating traditional and digital medical information essential for delivery of quality care.

The medical record, in manual or automated form, houses the medical information that describes all aspects of patient care. Physicians, nurses, and other health care providers require medical information for treating a patient. The medical record serves as a communication link among care-givers. Documentation in the medical record also serves to protect the legal interests of the patient, health care provider, and health care facility.

A well trained and skilled HIM professionals would be able to take up various challenging positions in public and private hospitals, public health services, health insurance sector, healthcare IT & research organizations and education institutions.

Eligibility

| | |
|---------------------------------------|--|
| Minimum qualification for Application | Pass in 10 +2 with science subjects in PCB/PCM along with English taken together at the qualifying examination after a period of 12 years of study. Minimum marks obtained should be at least 40 % aggregate (35% for SC/ST) |
| Age Limit | Age should be 17 years by December 31st of the joining year and not over 35 year. |
| Duration of course | 3 Years + 1 Year Internship |
| Student intake | 5 students per year |

B. Sc. ANAESTHESIA AND OPERATION THEATRE TECHNOLOGY (B.Sc. AOTT)

The course in B.Sc. in Anaesthesia and Operation Theatre Technology through Nagaland University has been introduced during 2019. The specialty of anaesthesia has advanced tremendously both scientifically and technologically. With increasing complexity of the surgical procedures, expanding patient population ranging from newborn babies to geriatric patients and sophistication of equipment and techniques required to provide safe anaesthesia to patients, the technological assistance required for this field is more specialized. The learning and understanding of anaesthesia technology has to keep pace with the advancement of the science of anaesthesiology.

The anaesthesia and operation theatre technologist assists the anaesthesia providers in administration of anaesthesia and setting up the anaesthetic and monitoring equipment in the operation theatre. They are also involved with regular maintenance and care of the anaesthetic equipments and monitoring devices. Hence they need to have an extensive knowledge of anaesthesia techniques, instruments, supplies, and technology.

B. Sc. Anaesthesia and Operation Theatre Technology is a 4-year degree course which is affiliated with the Nagaland University. We aim to train individuals who will become competent in helping out in various activities in the Operation theatre, Intensive care units (ICU) and assisting anaesthetists in the safe delivery of anaesthesia. And therefore, the course is designed to provide the students with a comprehensive overview of the basic clinical sciences,

general clinical principles, operation theatre and sterilization techniques and ethics. They will also be exposed to work in the Intensive Care Units and emergency department. The students will be taught the basics of anaesthetic management in specialities such as general surgery, obstetrics, paediatrics, orthopaedics, ENT and Emergency & Trauma surgery and given ample practical experience in all these areas.

At present CIHSR has 4 major operation theatres which will be upgraded this year to a better facility with 6 state-of-the art modular operation theatres. We also have a well equipped 13 bedded Intensive Care Unit with most of the latest equipment giving students exposure to the most modern techniques in anaesthesia and critical care.

Our B.Sc. Anaesthesia and Operation Technology course will have special emphasis on

| | |
|--------------------------------|---|
| Basic Sciences | Anaesthetic techniques for special procedures |
| Applied Anatomy and Physiology | Operation Theatre Techniques, CSSD Procedures |
| Clinical Pharmacology | Intensive and Critical care |
| Clinical microbiology | Infection Control |
| Medical Ethics | Patient safety & Emergency codes |

Eligibility criteria:

| | |
|---------------------------------------|---|
| Minimum qualification for Application | 10+2 in science (PCB and English) subjects from a recognized Board. Minimum marks obtained should have been at least 45 % aggregate (40 % for SC/ST). A good knowledge of English is essential. |
| Age Limit | Age should be 17 years by December 31st of the joining year and not over 35 years. |
| Duration of course | 3 years (6 semesters) + 1 year compulsory Internship |
| Students intake | 5 students per year |

DIPLOMA COURSES IN ALLIED HEALTH SCIENCES

Diploma in Radio Diagnosis Technology (DRT)

Diagnostic and interventional radiology plays a central role in diagnosis and patient care in any modern hospital. Radiological procedures are essential in practically every field of clinical medicine and only qualified radiographer technicians are permitted to operate the machines. This course is designed to impart training and practical experience in taking X-rays of the human body, ultrasound examination, Computerised Tomography (CT scans), and Magnetic Resonance Imaging (MRI). In addition, they are also trained in a variety of special procedures like Intravenous Urography, Barium studies and Hystero-salpingogram, ESWL (lithotripsy) etc. They are also exposed to interventional procedures, digital radiography and the PACS System.

CIHSR offers a two-year diploma course in Radio Diagnosis Technology which is recognized by the Christian Medical Association of India (CMAI). As it is mandatory that any radiological equipment be operated by trained personnel, this course offers good job opportunities.

Eligibility Criteria for Radio Diagnosis Technology Course

| | |
|---------------------------------------|--|
| Minimum qualification for application | Pass in 10 +2 examinations or its equivalent in Science Stream (PCB) Minimum marks obtained should have been at least 40 % aggregate (35 % for SC/ST). A good knowledge in English and Physics is essential. |
| Age limit | The candidate must have completed the age of 17 and not more than 35 years on or before 15th of July. |
| Duration of the course | 2 years |
| Number of students intake | 6 students per year |

Subjects taught are as follows:

| Sections | Year | Subject |
|----------|-------------|-----------------------------------|
| I | First Year | Anatomy, Physiology and Pathology |
| II | First Year | Basics of Radiological Physics |
| III | First Year | Radiographic Imaging |
| IV | First Year | Communicative English |
| V | Second Year | Physics of Radiological equipment |

| | | |
|------|-------------|---|
| VI | Second Year | Hospital Practice and Care of Patient |
| VII | Second Year | Radiographic Technique in Routine Procedures |
| VIII | Second Year | Radiographic Technique in Special Procedures |
| IX | Second Year | Practical & Viva – voce including Computer skills |

In addition to the theory classes, they spend the major part of their time in gaining hands-on experience under the supervision of their tuto

DIPLOMA IN OPTOMETRY AND OPHTHALMIC TECHNOLOGY (DOOT)

Admission to DOOT course is suspended for 2020 – 21 session due to technical problem.

Optometrists are primary eye care professionals concerned with vision care. An Optometrist has various career opportunities. They can work with an Ophthalmologist, or in an optical shop, evaluating patients for vision defects and providing the corrective lenses. They can work in the community and promote eye care health education and do prompt referral of cases to the Ophthalmologist for treatment and various surgeries.

The Diploma in Optometry and Ophthalmic Technology (DOOT) course in CIHSR is approved by the Christian Medical Association of India (CMAI). The duration of the course is 2 years with 6 months compulsory internship. At CIHSR we aim to train students who will become competent in assessing the visual problems of patients and dispensing the corrective spectacles, diagnose and treat some common eye problems, counselling of patients, assist in the eye surgeries and also be able to handle eye equipment's. The students will also be involved in the community Ophthalmology during their internship. After completing the diploma course, an Optometrist can also go for B.Sc. Optometry.

The following Subjects will be taught in two and a half year:

| YEAR 1 | YEAR 2 |
|--|---------------------------------|
| English and Computer Fundamentals | Clinical Optometry |
| Basic Sciences (Anatomy, Physiology, Nursing Methods) | Refraction |
| Basic Ophthalmology | Applied and Community Optometry |
| Basic Optics | |

Note: After the successful completion of second year examinations, students will undergo six months of Compulsory Internship. The Diploma Certificate will only be issued after the completion of the Internship.

Eligibility criteria:

| | |
|---------------------------------------|---|
| Minimum qualification for Application | Pass in 10 +2 examinations or its equivalent in Science Stream (PCB). Minimum marks obtained should have been at least 40 % aggregate (35 % for SC/ST). A good knowledge in English is essential. |
| Age Limit | Age should be 17 years by December 31st of the year of joining and not over 35 years on or before 15th July. |
| Duration of course | 2 ½ years |
| Number of student intake | 3 students per year |

V. COLLEGE OF NURSING

The CIHSR, keeping in line with the objective to develop undergraduate and post graduate teaching programs, started the College of Nursing (CON) in the year 2011 to cater to the training needs of not only Nagaland but to the rest of the North East. The College of Nursing, CIHSR is the first nursing college in the state of Nagaland.

The courses offered by the College of Nursing at present are the General Nursing & Midwifery (GNM), under the Assam Nurses' Midwives' & Health Visitors' Council, B.Sc. Nursing (Basic) and Post Basic B.Sc Nursing, which are affiliated to the Nagaland University. College of Nursing, CIHSR is approved by the Indian Nursing Council (INC) to conduct the aforementioned nursing courses. Highly competent and experienced nursing faculty and other medical and Allied Health Professionals are associated with the institute to assist our students.

PLACEMENT

The quality of education in College of Nursing, CIHSR is well recognized by many recruiting agencies. The following agencies apart from have come forward to have campus recruitment drive to offer job for our graduates. The final year nursing students attend the selection process and the selection is based on their merits.

Agencies

LIST OF FACULTY AS ON 31.03.2020

DIPLOMA IN RADIO DIAGNOSIS TECHNOLOGY

| | |
|---------------------------|-------------------------------|
| Dr. Shirley T Levion | Course Coordinator |
| Dr. Nishini Hekha | Consultant Radiologist |
| Dr Shalini Govil | Online Consultant Radiologist |
| Ms. Idauraile | Tutor |
| Mr. Laishram Nanao Meetei | Tutor |
| Mr. Suvankar Das | Physicist |
| Ms. Achumbeni | Clinical Instructor |
| Mr. Impangwati | Clinical Instructor |

DIPLOMA IN OPTOMETRY AND OPHTHALMIC TECHNOLOGY

| | |
|------------------------|----------------------|
| Dr.T. Lipoksanen Jamir | Course coordinator |
| Ms. Rokovivonuo Thou | Jr. Technician/Tutor |
| Ms. Mariam Asherii | Clinical Instructor |

B.Sc. IN HEALTH INFORMATION MANAGAMENT

| | |
|-----------------------|--|
| Dr. Viu Meru | Course Coordinator & Lecturer Medical Sciences |
| Ms. Temsutola Sanglir | B.Sc Tutor |
| Ms. Sedevonuo Ziephru | B.Sc Tutor |

B.Sc. IN MEDICAL LABORATORY TECHNOLOGY

| | |
|---|---|
| Dr.Noune Miachieo | Course Coordinator, MD Pathologist |
| Dr. Nito Yepthomi | MD Pathologist |
| Mr. K G Gaikhonlungpou | M.Sc Hematology & Transfusion Medicine AHS |
| Mr. K Vijay Kumar | M.Sc Biochemist AHS |
| Mr. Kekhrie Zao | M.Sc Microbiologist AHS |
| Ms. Seangaung Pamei Brainy | M.Sc Hematology & Blood Transfusion Medicine AHS |
| Ms. Sungkumtangla Jamir | M.Sc Microbiologist AHS |
| Mr. Brahmacharimayum Ruhi Kumar Sharma | B.Sc Tutor |
| Ms. Lohrii Athine | B.Sc Tutor |

B.Sc. IN ANAESTHESIA AND OPERATION THEATRE TECHNOLOGY

| | |
|---|---------------------|
| Dr. Adahru Moses(DA, MD Anaesthesia) | Course Coordinator |
| Dr. Esther Zeliang(DA, DNB Anaesthesia) | Instructor |
| Dr. Kevitsotuo Vakha (MD Anaesthesia) | Instructor |
| Ms. L. Hemso (M.Sc. (N) Medical Surgical Nursing) | M.Sc. Tutor |
| Mr. Promode Surin(Nurse Anaesthetist) | Clinical Instructor |
| Mr Khurajam Chinglen (Nurse Anaesthetist) | Clinical Instructor |

HOSTEL WARDEN FOR AHS

| | |
|---------------------|--------|
| Mr. Bhanbemo Patton | Warden |
| Miss. Idauraile | Warden |
